## What is the Illinois Federation for Right to Life?

The IFRL is the largest grassroots pro-life organization in Illinois. A non-profit organization, that serves as the state coordinating body for local pro-life chapters representing thousands of Illinois citizens working to restore respect for all human life in our society. The IFRL is composed of people of different political persuasions, various faiths and diverse economic, social and ethnic backgrounds. Since 1973 the Illinois Federation for Right to Life has been working to end abortion and restore legal protection to those members of the human family who are threatened by abortion, infanticide and euthanasia. Diverse though we are, we hold one common belief - that every human being has an inalienable right to life that is precious and must be protected. IFRL is dedicated to restoring the right to life to the unborn, and protection for the disabled and the elderly. The IFRL, Inc. is the Illinois Affiliate to the National Right to Life.

Effective Action is only possible through citizens involvement!
